

Tackle the cattle

Exclusively for you

Join us for a special event, Tackle the Cattle, at Rensselaer Polytechnic Institute. Meet your representative, tackle the topic of fetal bovine serum (FBS) quality, and learn how to make your FBS last 2-5x longer with Advanced™ media. Plus, grab a cell culture wheel and learn about the full range of cell culture media and reagents for your cell lines.

Thursday, December 3, 2015

Time: 11:00 a.m.–2:00 p.m.

Location: 2015 Rensselaer Supplier Showcase

To register for this event, go to thermofisher.com/eventregistration.
