

# Explore the world of RNA

Join us in exploring the exciting world of RNA using next-generation sequencing (NGS), qPCR, microarrays, and much more

During this event, you'll learn about the latest products, tips, and resources to help maximize your success in gene expression profiling, pathway analysis, detection of fusions, microRNA analysis, and biomarker discovery.

#### Gene Expression on a Targeted Scale, Few Genes to Many

Marcia Slater, TaqMan Applied Biosystems

#### Technology for DNA & RNA Applications

Kristi Sawicki PhD, Ion Torrent and AmpliSeq

#### Affymetrix Clariom D Update

Nada Angel-Magid

#### Lunch & learn details

**Monday, November 14, 2016**

University of Pennsylvania  
3620 Hamilton Walk  
Philadelphia, PA 1910  
John Morgan Building Auditorium

12:00–3:30 p.m.

Lunch will be provided.

At the event, pick up a free copy of our RNA techniques and applications poster.
