

# Explore the world of RNA

Join us in exploring the exciting world of RNA using next-generation sequencing (NGS), qPCR, microarrays, and much more

During this event, you'll learn about the latest products, tips, and resources to help maximize your success in gene expression profiling, pathway analysis, detection of fusions, microRNA analysis, and biomarker discovery.

## Lunch & learn details

Wednesday, November 2, 2016

NIH - Main Campus  
Building 37  
Room 6041  
Bethesda, MD

12:00–2:30 p.m.

Lunch will be provided.

At the event, pick up a free copy of our RNA techniques and applications poster. Live webcast will be available to registrants that cannot attend in person. Please contact Melissa or Roopa for more information.
